

MAD SCHEME OF THE DAY
(with Theo at Zoetrope)

Not crazy no,
but slightly
out of line

and if I
double to
the rear

then I'm
going where
I wanted to

before I
changed my
changeable mind.

No Watt's Tower
to construct,
no fancy plate

or pot to
pull from
the kiln

and no puzzling
Mondrian painting
to decipher.

I find myself
looking for
my own self

in the odd
nook of my
inner monologue

At the end
of my road
of excess

is a Wizard
of Pause
and Reflect.
